

A COMBINATION THAT WORKS WELL

Doing an Immense Amount of Good.

No other medicines possess such curative properties as these two great restoratives, Hood's Sarsaparilla and Pepton Pills, working together.

They reach the impure, impoverished, poisoned, devitalized blood, and the worn, run-down, overworked, exhausted system. They awaken the appetite, aid digestion, purify and vitalize the blood, give renewed strength to the whole body, produce sound, natural sleep, and a complete restoration to good health. Two dollars invested in these two medicines will bring better results than four dollars spent in any other course of treatment or attendance.

It will be wise to get Hood's Sarsaparilla and Pepton Pills to-day. They are sold by all druggists everywhere. Accept no substitutes. 200 doses \$2.—Adv.

GETTING READY FOR BIG GAME

Boston Preparing for the World's Series Contests—Will Ignore McGraw.

Boston, Oct. 5.—Distribution of reserved seat tickets for the world's series baseball games in this city between the Brooklyn Nationals and the Boston Americans, which will open on Saturday, began yesterday.

Each of the 27,000 seats available for reservation was covered by applications, officials of the local club said.

Almost immediately after the receipt by mail yesterday morning of the notices of allotments, successful applicants began to appear at the club box offices at Fenway park.

Ticket distribution prior to the date of the opening game will be made from there, although the games will be played on Braves field, the grounds of the local National league club.

To prevent the congestion which interfered with traffic in the vicinity of Braves field last year, new arrangements by the police and club officials were made yesterday.

Sale of admission seats will be made from offices on the side of the grounds opposite the grand stand entrances, thus obviating the crush which kept many holders of reserved seats from the games last year. These new gates will be opened at 9 o'clock on the morning of the games and the gates will be closed as soon as the 15,000 rush seats are filled, according to the plans.

To complete these arrangements and make possible the playing of the opening games here while the Brooklyn club is being put in readiness for its first world series, the Boston club has had staffs of clerks at work day and night for more than a week. Secretary Edwin Riley collapsed under the strain and his physician said yesterday that he would be unable to see the team in action in the big games.

Assurance that the Red Sox will be cheered on the foreign field by organized local supporters as the local world series contenders have been for years was given yesterday by John M. Killen, leader of the "Royal Rooters." He reported that President Ebbetts of the Brooklyn club had promised an adequate number of tickets for the Boston party which will follow the fortunes of the team throughout the series.

SOLDIERS PLAYED TO TIE.

Co. H and 2d Cavalry Team Met at Fort Ethan Allen.

A very exciting game of football was played at Fort Ethan Allen Tuesday afternoon between Co. H of Montpelier of the 1st Vt. infantry and the 2d Cavalry. The game came out a tie of 6-6. Company H made their goal in the first period by a long run of Gauld. The 2d Cavalry scored the last period by a four-yard run by Bunisky. The features of the game were the tackling of Cerasoli and of receiving forward passes, and Glennie, who rushed well in the backfield.

The attendance at the game was large, most of those present being militiamen. The militia cheered well for their boys. Another game will be played before the National Guard get mustered out.

MIDDLE WEST CHEERS WILSON

Great Crowds Greet Him Throughout Ohio

ON THE WAY TO OMAHA

He Is to Urge the Gospel of "Preparedness for Peace"

Massillon, O., Oct. 5.—President Wilson's first journey into the central west since accepting renomination for office has served to delight his political managers.

While holding strictly to his intentions of making no speeches which might characterize his trip as a campaign junket, the president yesterday greeted thousands of voters who turned out along the route and received him enthusiastically.

At Salem, Alliance, Canton and other points where brief stops were made fully 20,000 thronged his car. No calls were made for speeches. But there was much shouting and cheering, to which the president responded with waves of the hand and handshakes.

At Canton he halted the demonstration long enough to send his regards to Senator Pomerene, Democratic candidate for re-election, who is facing a hard fight in this state.

"Please give my regards to Senator Pomerene," the president said, and was cheered.

The president characterized his trip so far as bringing out "the kind of hospitality that makes a man's heart very warm."

"Well, Willie!" gasped the president in surprise when his special train stopped at Alliance yesterday and a prosperous business man clambered out of the crowd to greet him.

"Willie" was William Harris, who served President Wilson as his first office boy in Atlanta more than 20 years ago.

The president is rushing westward for his first big campaign speech in the heart of the country. His mission this time, his manager says, has the same object as when he followed the same route last winter. He goes to urge "preparedness for peace."

The "peace insurance" then desired and later obtained was a vote from Congress materially strengthening the army and navy. Now he wants a vote of the people on whether his "foreign policy of peace" shall be preserved or whether the Republican party shall be placed in power and this policy changed. The president has said such a change would certainly draw the nation "into the embroilments of the European war." The new rallying cry of the Democratic leaders is "Prepare for peace by re-electing Wilson."

Omaha, where the president speaks tonight, is the heart of the great agricultural community, where the peace appeal has always found enthusiastic welcome.

FOUR STATES GOING DRY.

Hanly Gives Optimistic Review of Western Situation.

Omaha, Neb., Oct. 5.—At least four western states are going dry this year and no state will weaken its dry laws, J. Frank Hanly, the prohibition candidate for president, declared Tuesday upon entering Nebraska's hot wet-and-dry fight. Hanly urged that in the face of this record Nebraska could ill afford to vote wet not only for her own sake, but for the effect the action would have on the national situation.

"South Dakota and Montana are going dry," Hanly said. "Utah will elect a dry legislature. Idaho will ratify its dry amendment. Washington, Oregon, Arizona and Colorado will either strengthen their dry laws or decline to weaken them. In California the wet and dry forces are engaged in a death struggle. Nevada may vote on the question next year."

The candidate's optimistic resume of the western situation evoked applause wherever he used it.

"We now have 19 dry states," he said at Lincoln, "and if Nebraska will go dry we probably will have 24 next year. Only 36 will be required to ratify a dry federal amendment. We soon will have that number."

MARVELLOUS FRUIT JUICE MEDICINE

"Fruit-a-tives" Is Made From The Juices Of Apples, Oranges, Figs And Prunes; With Tonics.

WONDERFUL RECORD OF A WONDERFUL REMEDY

Thousands Of Sufferers In England And Canada Owe Their Recovery To "Fruit-a-tives".

"Fruit-a-tives" is now made in the United States. This will be welcome news to thousands of people who have been sending to Canada for their supply of these famous tablets, which are made from the juices of apples, oranges, figs and prunes.

So great has been the demand for "Fruit-a-tives" from all parts of the United States, that the proprietors deemed it wise to establish a branch right in this country.

Offices and fruit tablet works are in active operation at Ogdensburg, New York from which point druggists and general stores are being supplied.

"Fruit-a-tives" is the only medicine in the world made from fruit juices. An English physician in Ottawa discovered a process whereby fruit juices may be combined in such a way that the natural medicinal properties of fruits are many times increased.

"Fruit-a-tives" has many times proved its value in cases of Stomach, Liver and Kidney Trouble, Rheumatism, Headaches, and Neuralgia—in Dyspepsia and Constipation—in Nervousness, general weakness and Skin Diseases.

"Fruit-a-tives" is sold by dealers at 50c. a box, 6 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ogdensburg, New York.

dresses when he makes his western tour in behalf of Charles E. Hughes. This agreement was reached Tuesday afternoon, when the colonel conferred with Chairman Wilcox of the Republican national committee for more than three hours.

While no formal announcement was made after the conference, it was learned that the colonel would make five addresses, if not more, and that he would go as far west as Denver. It was learned, too, that Colonel Roosevelt would deliver two speeches in New York City during the last week of the campaign, one probably in the Madison Square Garden and the other in the Academy of Music.

Before meeting Mr. Wilcox, the colonel told the newspaper men that he believed Mr. Hughes would be elected. "I do not want to express over-confidence," he said, "but I think that we have got them, if everybody keeps working. We have got to keep our coats off. If everybody should lie down things would look bad, but I don't believe that will be permitted to happen."

BASEBALL BRIEFS

The American league representatives in the coming world's series are a far more experienced combination of ball players than are their National league rivals. The Red Sox have proved to be winners in many a hard fought league and world's series drive. Taken man for man, the Boston team averages 27½ years of age and have an average of a little over seven years of league ball experience. The man on the Boston team with the longest baseball experience is Heine Wagner, over 15 years, while the shortest time any man has been playing is four years.

After receiving congratulations over Brooklyn's victory, President Charles H. Ebbetts of the Brooklyn Nationals said that he was ready to retire from baseball whenever a bidder for his club appeared with the price. Ebbetts is one of the oldest men in baseball to-day, as he has been connected with the Brooklyn club during the past 34 years, either as secretary or treasurer. President Ebbetts assured John M. Killen of Boston that the "royal rooters" of Boston would receive their allotment of tickets for the world's series games that will be played at Brooklyn.

So far as figures go the American league is several notches above its rival, the National league. In batting Tris Speaker, the leader in the younger circuit, batted for an average of .285, while the best Hal Chase, leader of the National league, could do was to bat for .234. Cobb slightly shaded Carey of the National league for stolen bases by getting 63 to his credit, while Carey stole 61. The total of bases hit by Speaker was 504, while Wheat, the leader of the older league, has 463. In run getting Cobb leads the American league with 119, with Burns of the National league scoring 103. In the final games with the Red Sox, Witt banged out six hits for a total of 10 bases out of 10 trips to the plate.

MINE PACT COMES FIRST

AGAIN DISCUSSES U. S. WITHDRAWAL

Commission at Atlantic City Further Considers Mexican Matters

Atlantic City, N. J., Oct. 5.—Further consideration by the Mexican-American joint commission was given yesterday to the plan of border control proposed by the Mexican members. It was regarded as probable that Gen. Bliss, assistant chief of staff of the United States army, would appear before the American commission in an advisory capacity. That the plan, which involves the withdrawal of Gen. Pershing's forces, would be adopted prior to a definite understanding regarding the reopening of mines and other industries was regarded as improbable.

The committee, headed by William Loeb, jr., representing American mining interests in Mexico, Tuesday urged the necessity for modifying the Carranza taxation decrees if mining was to be resumed on a large scale. The committee outlined a system of taxation which it regarded as the heaviest that could be imposed on Mexican mines without forcing the abandonment of properties. This system provided the lighter taxes for low-grade properties and the heavier taxes for richer mines. The present orders of Carranza tax one type of mine just as heavily as another. The Mexican commissioners have protested that this discrimination was difficult without a costly system of checking by the government and that some of the Carranza decrees had been misconstrued and were less harsh than they appeared.

One of the American commissioners said that the Mexican conferees, after receiving advice from the mining interests on taxation, resolved to continue to work for a system of taxation suitable to the Mexicans.

Grover of the Marcks, who is nothing but a rookie as yet, played a sterling game at second base for the Athletics in the doubleheader against Boston Tuesday, rapping out five hits for a total of nine bases out of 10 times at bat, besides taking 10 chances in the field without an error.

ALONG THE SIDELINES

Reports from a Somerville hospital, state that blood poisoning has set in and that "Pete" Alger, the giant guard of the Tufts varsity football squad will be unable to don his togs for some time to come. The cut which Alger received on his right leg in a scrimmage last Saturday was so slight that he paid no attention to it and yesterday he had to take to his bed. This accident, coming practically on the eve of the Harvard game, gives Coach Whalen a tough problem to contend with. Abbott is the logical man to fill the position, but Alger is a wonderful man on the defense, as well as on the offense and it takes a good man to fill his place.

Two spectacular featuings marked the practice at the Yale bowl in Tuesday's workout, one a 65 yard kick from LeGore's toe, and Quarterback Smith catching a punt and running back sixty yards through a broken field. Captain Black and Halfback Bingham, who were slightly injured in the Carnegie game last Saturday, were on the sidelines.

Hubie McDonough of the Dartmouth football squad seems to be grasping Coach Glue's ideas of play at the quarterback position more than any of the other candidates for the berth, although Sid Holbrook is not far behind him. The Dartmouth squad is going through one of the stiffest workouts this week that they have been put through at any time this year.

WOULD RETAIN DANISH ISLAND

Governor on Way From West Indies to Denmark to Oppose Sale to the United States.

San Juan, Porto Rico, Oct. 5.—"With the friendliest feelings toward the United States, and with no desire to criticize or to offend, I do not believe the inhabitants of the Danish islands would be made happier by American purchase," said L. C. Helweg Larsen, governor of the Danish West Indies, on his arrival here yesterday from St. Thomas.

The governor is on his way to New York and Copenhagen—where he probably will appear before a committee of the Danish Diet to give information with regard to the islands before the question

of their sale to the United States is determined. The governor added:

"The islanders are almost wholly negroes, restless and anxious for any change. They would be greatly disappointed in the event of American purchase."

The governor will arrive in New York on Monday next, and will sail for Copenhagen three days later.
